

FACTIONAL FIGHT MAY BE STARTED

Serious Agitation in Mexico to Start Another Revolution

MADERISTO MOVEMENT

Deposing Cientifico Party is Resulting in Vigorous Political Activity.

Juarez, May 23.—If President Diaz causes another break in the armistice now existing between the federals and Madero's army, his head will be severed from his body and presented to Madero on a silver tray. This threat has been made by Lanarri, the woman commanding a force of rebels in Sonora. She wired Madero that she would observe the truce as long as Diaz kept his word with the above mentioned alternative. She will act the headman's part herself.

The fact that the rebel bands acting independently are still fighting, worries Madero more than any other phase of the situation at present. The big difficulty encountered is exactly as forecasted by the elder Madero—it is almost impossible to convince the rebel chiefs of the commands that the agreement is genuine.

It was apparent today that Madero regards it as vital to his leadership that he bring peace among the insurgents now that he has signed a peace agreement. Today he sent two of his brothers into the interior to attempt to pacify the rebels who are still fighting. The operations of the Socialist party in Mexico is also causing trouble for Madero. The Socialists are attacking him as a slave driver.

Juarez, May 23.—Despite the fact that the news of the signing of the peace agreement between the rebels and the government has caused a cessation of hostilities throughout Northern Mexico, trouble is feared on the part of the Cientifico party, whose members have been deposed on account of the Maderista movement.

This is a serious agitation on the part of this faction to start another revolution against the Maderistas.

It is not thought, however, the Mexican people will rally to any revolutionary movement for some time, at least, and the opposition from the Cientificos, it is believed, really will be in the nature of vigorous political activity.

The insurgent troops may be kept at the various garrisons in Mexico for a few months in readiness for trouble but no definite plans along that line have been formed by Senor Madero. He intends to see that the guarantees are carried out by the installation of good governors, and his intention at present is to keep the troops mobilized merely until complete order is restored.

Senor Madero and his present chiefs discussed the make-up of the new cabinet which is to surround Senor De La Barra, the incoming provisional president. The most satisfying news to them was the receipt of a message from Ernesto Madero, at Monterey, a brother of Francisco I. Madero, Sr., announcing that he would accept the portfolio of finance.

The portfolio of minister of justice, which has been offered to Senor Vasquez Tagle, a well known lawyer in Mexico City, has not yet been accepted by him on account of ill health. Should he be unable to take the post, it is said, Rafael Hernandez, a cousin of Francisco I. Madero, Jr., the rebel leader, and one of the go-betweens in the peace negotiations, may be named. Senor Pino Suarez, of Yucatan, is another whose name is frequently mentioned in case Senor Vasquez Tagle does not accept. Senor Suarez himself, however, prefers to be provisional governor of Yucatan, where he is said to be very popular, and where Senor Madero can count on him for strong political support in the coming general elections. General Rascons is still the choice for minister of war.

Dr. Francisco Vasquez Gomez left here at 8 o'clock last night for San Antonio, Texas, where he will meet his family and journey on to Mexico City three days later. He will confer at San Antonio with his brother, Emilio, who has been named for the post of governor. It is considered possible that the two brothers may exchange portfolios before Senor De La Barra installs the new cabinet.

The news that President Diaz might retire on Wednesday or Thursday of this week increased the activity of Senor Madero in preparing for an immediate departure to the Mexican capital. Should the Mexican railway line from here southward still be out of commission, by the end of the week, it is likely that Senor Madero will journey by way of San Antonio, Texas, and Laredo, Texas. Warrants held by United States authorities for violating the neutrality laws when he was in American territory have been waived and he has been assured of safe passage through Texas.

FALL IN TEMPERATURE

May Mean Break in the Heat Spell Which Has Been Prevailing.

It has only been a few days ago that many people were bemoaning the fact that spring was backward and that we were never going to have warm weather. During the past week, however, we have been having weather warm enough to suit the most exacting, in fact the weather has been of that sizzling kind where most persons would prefer to be in a cooler climate. Monday kept up the record for hot weather, and while the mercury did not climb quite as high in the thermometers as it has done on other days, still it reached a point between 90 and 92 which denoted that it was quite warm enough for all purposes.

SHOOTS WIFE

While She Was Consulting Lawyer About Beginning Proceedings for Divorce.

Greenfield, Ind., May 23.—John Holliday, aged 45, of Wilkinson, shot and probably fatally wounded his wife yesterday.

Mrs. Holliday is a telephone operator at Wilkinson, and she was in consultation with a lawyer preparatory to filing a suit for divorce. She was sitting at the table with Charles Cook, junior member of a law firm, when her husband entered and began to beg her to live with him.

On her refusal he shot her in the face. She fell to the floor, and before he could be hindered he shot her again, this time in the neck and shoulder.

SENATOR POMERENE WOULD PROSECUTE J. D. ROCKEFELLER

Washington, May 23.—A resolution declaring that John D. Rockefeller, J. D. Archbold and all the other personal defendants in the Standard Oil case are subject to criminal prosecution under the decision in the Supreme court was introduced in the Senate today by Senator Pomerene of Ohio. It leaves it to the senate to decide whether prosecutions will be started against them.

SHOOTS SELF DURING DREAM

New York, May 23.—The danger of sleeping with a pistol under one's pillow was illustrated last night, when John McAllehan died from a self-inflicted bullet wound through the head.

Members of the family said McAllehan slept with a revolver at the head of the bed and shot himself during a dream.

HEAT CLAIMS VICTIM

Portsmouth, May 23.—Intense heat here claimed one victim Monday. Mrs. Cecilla Kirgan, aged 50, was stricken in her front yard.

WILL TAKE ACTION AGAINST NEWSPAPER MEN FOR REFUSING TO TESTIFY BEFORE SENATE PROBE

Columbus, May 23.—After a two hour executive session the senate bribery probe committee today announced that it would take immediate criminal action against E. C. Cook, R. G. LaBlanc, C. C. Lyon and A. G. Crouse, newspaper men who this morning refused to testify before it.

Charles G. Pretzman, of Columbus, connected with the organization which brought the Burns detectives to Columbus, refused to testify and will be arrested.

Paul Moffett and H. R. Mengert, two other newspaper men, summoned today failed to appear at all.

The name of Senator J. E. Todd of Franklin was signed to all the summons. Among those summoned were Paul Moffett of the Cincinnati Enquirer, H. R. Mengert of the Ohio State Journal, E. E. Cook editor of the Columbus Citizen, A. C. Crouse of the Cincinnati Post, Ralph LeBlonde of the Toledo News-Bee, and C. C. Lyon of the Scripps-McKee legislative bureau.

A feeling is widespread here that the principal object of the probe is to grill newspaper men who have been reporting the senate and the bribery proceedings. The committee struck a snag with the man called this morning. Attorney R. C. McCoy made a statement attacking the legality of the committee's existence.

FUNERAL OF DODSON FAMILY OCCURRED AT HEBRON TUESDAY AFTERNOON AT M. E. CHURCH

The funeral of the Dodson family, who met death Sunday morning when the horse the father was driving frightened and crossed in front of an interurban car, was held Tuesday afternoon at 2 o'clock in the M. E. church at Hebron and the seating capacity of the church was not large enough to accommodate those seeking to pay the last respects.

The horror of the instant death of every member of a family of four is somewhat diminished and their friends now find sorrow taking the place of the daze into which the accident threw them.

The two children, Hazel and Mabel, were placed in one casket and the four were buried in one grave in the Hebron cemetery. Rev. J. R. Tibbles, pastor of the M. E. church, paid a beautiful tribute to the high esteem in which the family was held. Rev. J. R. Tibbles was assisted by Rev. J. R. Sharer of the Church of Christ. The magnificent floral offerings were profuse, covering the caskets of all.

WILL PROBABLY SECURE NYE JURY THIS AFTERNOON

Columbus, May 23.—A jury in the case of George B. Nye, legislator indicted for bribery, will probably be secured some time this afternoon.

Each side was limited to four peremptory challenges. Prosecutor Turner asked each prospective juror if he would allow party affiliation to bias or prejudice him in this case and if the wife or mother or other relatives of the defendant were to appear in court would it arouse such sympathy as to interfere with a juror's judgment.

The examination of jurors for the defense was conducted by Attorney Belcher. He asked each one "Would you allow newspaper talk, neighborhood gossip or public clamor to influence you?" and "Would you follow the court's instruction as to holding the defendant innocent until he is proven guilty?" He also inquired whether any juror or any member of his family held a state office. None did.

FRENCH WAR MINISTER WHO WAS TORN TO SHREDS AND PREMIER WHO WAS BADLY INJURED IN A MONOPLANE ACCIDENT AT PARIS

France paid a terrible toll for her endeavor to attain supremacy of the air when a monoplane, the driver of which had lost control, plunged into a group of members of the cabinet who had gathered to witness the start of the race from Paris to Madrid, killing Minister of War Henri Maurice Berthelette and injuring Prime Minister Antoine Mounier, his son and a well-known sportsman, Henri De La Mounthe. A large number of other persons of note had narrow escapes from injury.

BREAKS ANOTHER RECORD

Wonderful Cross-Country Flight Made by Vedrine in Aeroplane

CONTESTS CONTINUED

Despite Tragedy Which Occurred On Aviation Field Sunday.

San Sebastian, Spain, May 23.—Aviators Garros and Gilbert, who with Pierre Vedrine are competing in the Paris to Madrid aeroplane race for which prizes of more than \$30,000 are offered, reached here today from Angouleme, France, after thrilling flights. They arrived almost simultaneously at 9:43. Gilbert was lost in the fog for two hours most of which time he spent in floating over the ocean. He was forced to alight at Biarritz for a new fuel supply. The distance from Angouleme to San Sebastian is 210 miles but Gilbert estimates that he went at least 300 miles. He believes at times he made nearly 90 miles an hour. Garro fell 8 miles from here and suffered slight injuries to himself and machine. After an hour spent in patching up his monoplane he completed the second leg. Garros left Angouleme at 5:15 and Gilbert at 5:20. Pierre Vedrine, who flew from Paris to Angouleme at 5:15 and Gilbert at 5:15, covered 281 miles in 228 minutes, starting at 7:10 and arriving at 10:56. An immense crowd welcomed the bird men.

Paris, May 23.—Notwithstanding the tragic accident that occurred in the Paris-to-Madrid aviation race and which caused the death of M. Berthelette, the French minister of war, the contest was continued yesterday by four of the competitors.

Emil Train, whose machine was the direct cause of the disaster, retired from the race, but Gilbert, Vedrine, Frey and Garros decided to continue their flights to the Spanish capital.

Vedrine arrived at Angouleme, 279 miles from the aviation field of Issy-les-Moulineaux, in the remarkable time of 3 hours and 39 minutes, breaking the world's record for distance in a cross-country flight.

Frey began his flight from the aviation field at 2:06 o'clock yesterday afternoon, but succeeded only in reaching Etampes, where his machine turned turtle in a squall, and he plunged to the ground. Frey was not hurt.

Gilbert, on leaving for Angouleme, lost his way and landed at Brizay, but later resumed his flight on the first leg of the course.

Garros, the first contestant to reach Angouleme, is repairing his machine for the second stage of the flight, from Angouleme to St. Sebastian.

A provisional classification has been made for the first stage of the flight to Angouleme. Vedrine is placed first, in 3 hours, 43 minutes; Garros second, 5 hours and 1 minute; Gilbert third, 8 hours, 55 minutes.

The physicians' bulletin, issued tonight, says: "M. Monis' condition continues satisfactory."

The premier was permitted to take light nourishment and Prof. Lannelongue, after a consultation, said there was no longer fear of complications.

The premier persistently asks for news of M. Berthelette. The physicians told him last evening that the minister of war was unconscious and that there was no hope. The premier was so deeply affected that it was deemed best not to inform him of the death of M. Berthelette until today.

President Fallieres has received through Ambassador Jusserand a message from President Taft, expressing his heartfelt condolences for the loss which France suffered by the death of War Minister Berthelette and expressing his sympathy for M. Monis, the injured premier.

MOB TRIES TO WRECK MACHINE.
Angouleme, May 23.—Vedrine, who made a record-breaking flight from Issy les Moulineaux to this place yesterday, in the Paris-to-Madrid aviation race, brought out his machine last evening to give an exhibition for the vast throng of people who gathered to witness the arrival of the aviators. He was not successful in rising and the crowd became unruly and demanded their money back.

Rioters broke the barriers and attempted to wreck the official buildings and Vedrine's machine. It was necessary to call out the troops to rescue the members of the local Aero Club's committee, who had charge of the affair.

Pitcher Munk, Columbus town letter, who has been pounded by practically every team in the Ohio State League, stopped the Newark winning streak at Wehrle park Monday afternoon in a 1 to 0 affair that was anything but interesting.

Kline, Newark's newest pitcher, who worked in his second game, was the opposing slaban and though he allowed but five bingles, his work was not up to standard. He was wild at times, though his passes resulted in no damage and he had something that the Lima bunch was unable to fathom except in one inning.

He was accorded ragged support though again the errors were not costed. Lima's only run being the result of a triple by Nesser, with a doubtful decision by Johnson, and Long's snuck to left which was a clean hit and which Baggan fumbled long enough for the runner to reach second.

Ump Johnson was another feature of the game. There is no charge that he wanted Lima to win, but in his effort to maintain his reputation of not umpiring for the home team, he passed all the close decisions over to the visitors.

It is not likely that Newark would have won the game had another umpire been officiating. Munk was pitching good ball and the Newark club was not hitting at their usual gait. But Johnson's work was so apparently unfair that it spoiled the contest even for the conservative fans.

His unfair decision against Newark were followed by unfair decisions, less important always, against Lima. His effort to even up his mistakes even caused the Lima players to "kid" him as the plays were called.

Kline was in bad holes several times. In the second the corners were filled with two out and a nice hit would have scored at least two. In the eighth again he filled the bases only to settle down and hold the visitors down to their lone run.

Newark never had a look in, no player passing the second station. Past doubles by McClintock and Nesser and Newton, McClintock and Nesser, blasted the hopes of the fans in the first and fourth innings.

In the second, third, fourth, sixth, seventh and ninth, only three men, faced Munk. He made short work of the batters and in four of these six innings, he retired the men as they came up.

In each of the first eight innings, Lima succeeded in getting at least one runner on the paths. The ninth was the only frame in which they failed to land at first.

Well, a new player from Akron, joined the Lima team here, but was not used in this game. The score:

BOOSTER CLUB ORGANIZED AND READY FOR WORK

Baseball Fans Hold Enthusiastic Meeting and Prepare to Boister Up Attendance at Games.

An enthusiastic meeting of baseball fans was held last evening at the office of W. V. Jordan and arrangements were made to boost the attendance at the local games.

Several propositions were discussed and Harry Kiene, president of the Newark Baseball Club, was called upon to give his views on the subject. Mr. Kiene stated that baseball was a business proposition with him. He had been induced to bring the team to Newark upon the representation that the city would support a good team and that from 500 to 1000 coupon books would be sold.

On the other hand, instead of selling the coupon books as agreed, a committee of fans had disposed of 149. The attendance at the games through the week had fallen to the point where it was necessary for him to go down into his pocket to help pay the guarantee. He has not asked the citizens of Newark for one penny of financial assistance, nor did he propose to do so. All he asks is patronage at the games. He has invested his money in this plant and he intended doing his best to try and make it win. He was not going to threaten Newark with losing the team, but he had to conduct his business the same as any other business man. If it continues to prove a losing proposition, there is only one thing to do—try and make it prove a winner some place where a good professional ball team is appreciated.

Owner Kiene has over \$3000 tied up in this franchise and next week is salary day, when over \$1000 will have to be paid out. The receipts of the games since the team has been at home have little more than paid the guarantees of the visiting clubs.

Mr. Kiene stated that he liked Newark and Newark people and that it was his earnest desire to finish the season here and that he certainly would do so providing the patronage at the park improved. He had further plans to better the team and these would be carried out as soon as practice.

The fans present, after some discussion, decided to have a special "Boosters' Day" and named Thursday afternoon for the occasion. It is possible that a band will be secured to give a concert on the square and also at the park.

In addition to the "Boosters' Day" a "Boosters' Club" was formed and it will be their endeavor to bolster up the attendance at all future games. Tickets will be printed containing four coupons, each good for one admission and these tickets will be sold at \$1 each. They may be used by one, two, three or four people for one game, or by one person for four games, good at any time throughout the season. When solicited to purchase one, remember that it not only helps the team but is also a "boost" for Newark.

The following committee was named to canvass the city for the sale of the "Boosters' Club" tickets:

Abe Thomas, E. W. Murphy, Wm. Gerloch, Jesse Smucker, Charles Cadey, S. L. Rodman, W. V. Jordan, E. E. Garrison, Geo. Hamilton, Lewis Hausch, John Hart, Jas. Dennison, Gus Altherton, Ralph Russell, Jesse Williams, Arthur Powell, Peter Ross, Ad. Fulk, Preston C. E. McDaniel, Capt. Heipley, H. Wingerter, Dr. H. M. East, Chas. Oldenduff, T. Wolf, Fenbach, W. DIRTY DISHES.
These four out of the most severe racks in household work. When they are stacked up with grease and unsoiled food it is quite a task to the one who has to wash them.

Hewitt's Easy Task soap solves the problem. It is a pure, white soap which quickly releases grease and dirt and saves at least one-half the labor.

Pure food without pure dishes is of little avail, and Hewitt's Easy Task should be a welcome occupant of every home. Five cents a cake.

SHORT SPORT

Still the season is young and the Boston Doves may win a few more games. Reulbach has at last made his annual "arrival." It almost scares Chance when he thinks how close he came to letting big Ed go.

The Senators shook off their sloth and cracked out eighteen hits, every one a single, in the burying of Detroit.

McBride with five singles out of five times up and Murray, with a single, two doubles and triple out of four times up, were the big bingers of the day.

Barry got back in the game temporarily and showed his appreciation by pushing two doubles and accepting 12 chances at short without a skip.

It was rather a tough proposition to put Bug Raymond up against such a suggestive trio as Hunter, Wilson and Gibson, of the Pirates, but he turned the tables this time and struck them out.

St. Louis, Brooklyn and Boston, the bottom three teams in the National, played errorless ball yesterday. It was the third straight errorless for Brooklyn.

The Cubs have quit Philadelphia, leaving the "cold gray dawn of the morning after" feeling in the Quaker City camp.

The Phillies were hauled down until now they are only two games in the lead.

Lajoie is back on second for the Naps after a two weeks lay-off from an injury.

Just for their effrontery of yesterday the Tigers are likely today to turn in and while the life out of the Washingtonians.

St. Francis De Sales Won.

In an interesting game on the Arch street grounds, the St. Francis de Sales school team defeated the Blessed Sacrament school team by the score of 8 to 7. The feature of the game was the batting and fielding of "Bob" Bradley, getting a home run and a single.

Driving in two runs and accepting several difficult chances in left field without a wobble. It is predicted that St. Robert will be in fast company before the season is far advanced. The score:

Boston, May 23.—On the ground of "public safety," 25,000 citizens will petition Governor Foss, Thursday, to permit Sunday baseball for the benefit of boys who are employed during the week. Many clergymen have signed the appeal.

PATASKALA HIGH DEFEATED BY UTICA.

Saturday afternoon the Utica high school team defeated the Pataskala boys by a score of 10 to 4 at Utica. Objections were made by both of the teams to decisions by Umpires Skaggs and Warthen, but neither can justify claim that the other was especially favored. This makes 5 games out of 6 for the Utica boys, Newark high having defeated them April 29.

Friday evening a number of the little friends of Clara Roney surprised her at her home in West Locust street. The day marked the tenth birthday anniversary of Miss Clara and a few merry hours were spent at her home in playing games. A delicious luncheon was later served the little guests.

The Sylvia Bible class of the Second Presbyterian church will entertain with a farewell reception this evening honoring Mr. and Mrs. Yates and Mrs. C. W. Miller. The reception will be at the home of Mrs. T. M. Edmiston in Hudson avenue.

Miss Mayme Smucker has issued invitations for a bridge party on Tuesday afternoon at her home in Hudson avenue.

The Columbus Dispatch contains the following regarding Miss Rosa L. Kerr, who was a former Granville resident, being a daughter of the late Prof. W. P. Kerr, at one time president of the Granville Female College, where Miss Kerr taught piano:

Miss Rosa L. Kerr, one of the most sincere, intelligent and finely equipped teachers of the piano, presented her gifted young pupil—Miss Marion Wilson—Monday evening in the hall of the Columbus Public Library. Miss Wilson played an entire program from memory. Grieg's piano sonata "Mozart's Pastoral Varice," Mendelssohn's "Rondo Capriccioso," "To a Water Lily," "Witches Dance" and E minor Polonaise by MacDowell, nocturne for left hand alone by Scriabine, prelude B flat major, prelude F major and Scherzo B flat minor by Chopin. All the schools were represented and played with taste and understanding. The four movements of the incomparable Grieg sonata were read with keen intelligence, beautiful tone, strong rhythm and a musical insight that seems intuitive. Mozart's delicious "Pastorale" was played with the light delicate grace for which that composer was noted. The piano of Mozart's day was so light an instrument compared with the grand pianos of today.

that one who now recites Mozart without the recognition of the quaint somewhat tinkling piano of his period, has not sent a real Mozartean message to his hearers.

Mrs. W. W. Gard has issued invitations for a card party on Thursday afternoon at her home in Tenth street. The cards read for euchre. Mrs. Gard entertains on Friday with a sewing party.

Miss Corinne Miller will entertain with a Grieg piano recital in the studio of Mrs. White in the Trust building on the evening of Wednesday, May 24.

Saturday will mean much in a social and festive way to the students of Denison University. During the afternoon the May Day exercises will be held and these are made a gala occasion. Many little social features are being planned in connection with the exercises.

The Sigma Chi fraternity of Denison University has issued invitations for a reception to be given in the fraternity house during the afternoon and evening hours of Saturday.

Miss Peterman of Brooklyn, who is the guest of Mrs. Edward Thomas of North Fifth street, has been honored by a number of pretty informal parties while here and on Monday Miss Mary Neal complimented Miss Peterman at a tea given from three to five, at her home in North Fifth street.

The guests were: Misses Peterman, Anna Sprague, Corinne Miller, Anne Davis, Louise Norpell, Helen Blood, Grace Fulton, Sarah Seymour, Nelle Jones, Adelaide Jones, Margery Collins, Mary Nichols, Bertha Latimer, Bertha Fulton, Marian Weiland, Mrs. Howard Maddocks, and Mrs. Walter Metz.

Miss Florence King entertained a few friends informally on Monday afternoon honoring Mrs. C. W. Miller. The hours were partly spent in sewing and an impromptu musicale was given, Mrs. C. W. Miller singing and

Mr. Walter Bentley Ball of Rochester, N. Y., who has been prominent in the Newark musical circles was present and sang several beautiful numbers. Supper was later served in the dining room, covers being laid for twelve Miss King's guests were Mrs. C. W. Vocal Duet, "Silver Threads Among the Gold"—Inez Korb, Olive Baughman, accompanied by Mildred Woodward.

Solo, No Surrender March (R. S. Morrison)—Mildred Lees.
Solo, Silver Aves (A. P. Wyman)—Ruth Hirst.

After the program there was a guessing contest in which Miss Esther Robinson received the prize. Dainty refreshments were served the members and Miss Ruth Robinson and Miss Esther Robinson who were guests.

The members and several guests of the Colonial club gathered at the home of Mrs. McNeely in North street, where they spent a most enjoyable afternoon. Sewing was the feature of the afternoon, followed by a recitation by Miss Lillian McNeely and a piano and vocal solo by Miss Emmeline Carney. An appetizing lunch was served the members and following guests: Mesdames John Donahue, Flora Sterman, Miss Emmeline Carney and Mrs. Margaret Zimmerman of Columbus. The next meeting will be a picnic held at the Encampment grounds on June 2.

One of the prettiest events of the past week was the bridge party given on Saturday afternoon by Mrs. Howard Jones, honoring Mrs. Fred Mosteller of Springfield, and Mrs. C. W. Miller. The trophies for the game were awarded to Mrs. J. J. Carroll and Mrs. Daniel Itshook.

A delicious supper was served the following guests: Mesdames Fred Mosteller, C. W. Miller, A. R. Pitzer, Frank Webb, J. J. Carroll, Daniel Itshook, William Gardner, John Franklin, C. H. Stinson, James Irwin, Edward King, Kenner Scott, Judson Lewis, W. E. Wright, Ralph Wyeth, Frank Bolton, J. S. Beecher, Miss Irene Jones, Jennie Irwin, and Mayme Smucker.

Miss Alice Ashbrook entertained the members of her club in a most delightful manner on Monday afternoon at her home in South Third street. Among the guests was Mrs. W. B. Hopkins of Columbus, who formerly resided here.

Mr. and Mrs. J. P. Lamb entertained with a birthday dinner at their home in North Fourth street, May 21st, honoring their daughter, Mrs. Karl F. Schultz. An elaborate dinner of several courses was served about noon. Mrs. Schultz received many useful and valuable presents.

Lane, the Misses Katherine Stotler, Mary Balzer, Gladys Palmer of Columbus, Mr. Don Palmer of Columbus, Mr. John Lamb, Jr., John Langdon Schultz and Mr. and Mrs. J. P. Lamb.

JEWS FLEE FEARING ANOTHER MASSACRE

London, May 23. — The Evening News' Vienna correspondent telegraphed today that thousands of destitute Jews are arriving in Moldavia in Roumania from Bessarabia, owing to the imminence of another Jewish massacre. Members of "Black Hundred" societies, persecutors of the Jews have arrived in Bessarabia with the avowed purpose of exterminating the Jews. The agitators are urging the inauguration of Pogroms such as were perpetrated in Kiev.

GIRL GRADUATES DRESSED IN CALICO AT COMMENCEMENT

Marysville, May 23.—At the commencement exercises of the New Bedford high school last night, a new custom was established, when all of the graduates, Misses Hazel Leonard, Ruth Rogers and Lena Yoder, were dressed alike in blue calico, representing the class colors. It is the first time in the history of Union county that any high school girl has been graduated in calico. They received many compliments from the large audience, all of whom were surprised to see the girls adopt this style of dress.

Miss Rogers was the honor pupil, passing with a grade of 97 1/2 per cent and will be given a scholarship at either Otterbein or Ohio Wesleyan.

Rhubarb and Orange Marmalade. Use rhubarb which is well grown. Cut in inch pieces without peeling unless the skin is quite tough. For each pint allow an equal amount of sugar and three oranges. With a sharp knife pare the yellow orange rind and with scissors cut this in the finest of shreds. Cut each orange in half, crosswise and take out the pulp and juice, rejecting the membranes and white skin. Mix the ingredients, heat slowly and simmer until, on testing a little in a cold saucer, it will not run readily. Put up in glasses like jelly.

Molasses Pudding. Mix together one cupful of finely chopped beef suet, three cupfuls of sifted flour, one teaspoonful each of mace, allspice and cloves and one pound of seeded raisins. Add one cupful of milk, one teaspoonful of soda dissolved in a little hot water and stirred into one cupful of molasses. Turn into a buttered mold and steam steadily for four hours. Serve with a hard or soft sauce.

Free Remedy Helps Children

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

This Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family, because it is effective at all ages. It is simply not dynamic like salts, pills and powerful cathartics, which should not be given to children anyway.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—over night wonderful results have been secured with Syrup Pepsin.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle, direct to your home. Then when satisfied buy it of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 241 Caldwell building, Monticello, Ill.

Economy and Dress.

The Care of Gloves.

THE woman who wishes to dress as economically as possible can keep down the cost of her gloves, not only by buying the kind of skins and sewing that gives the best wear, but by her care of her gloves. And caring for gloves does not mean merely the matter of keeping them mended. There are other ways to prolong their life than by taking the stitch in time.

In the first place, there are right and wrong ways of putting on gloves. The right way does not injure them, the wrong way, in the course of time, weakens and tears the skin or fabric.

A glove should be worked on from the finger-ends. It should never be forced up between the fingers at their base. This is what so many do. They bear down hard upon the glove between the fingers, with the idea that this force will bring the glove up over the finger. So it will. But it is very likely to tear or rip the glove at the same time. Between the fingers at the base, is the weakest place in a glove. The leather or fabric has to be cut here in diverse ways to give it the proper shape, and it is further weakened by the stitching. Now if it is pressed forcibly in order to get the glove on, it is very apt to tear sooner or later. The glove-fingers should be worked on from the tips up, the thumb put in last, and then the glove pulled on from the wrist. But this jamming of the fingers between their base is bad.

Black kid gloves should be kept in paraffine or oiled paper. A black glove is really a white skin painted. This paint naturally will harden and dry, unless it is properly cared for. The oiled paper keeps the air away and helps keep the skin soft. Consequently, it is not so likely to crack or the color to come off.

All kid gloves should be kept away from salt air or damp air as much as possible. They should not be kept near heat, but they should be kept dry.

It seems scarcely necessary to say that gloves should be neatly mended, and that they should be mended as soon as the ripping starts. Most stores will mend gloves for a very small charge. They mend them with the same sort of machine as sews the glove in the making. Consequently, the mending does not show, which is not the case with the home mender, unless she be very skilful. However, whether one wishes to pay the cost of store mending or not is a matter for the individual pocketbook. But one can save on the yearly outlay for gloves by buying the right sort of skins, choosing stitching that means good wear, by putting them on carefully, and keeping them away from the air.

HEALTH HINT FOR TODAY.
Groom the Hair and Kill Dandruff.
Dandruff causes the hair to
fall, ruins the gloss and causes a
full, lifeless appearance. Clean
brushes, daily attention to the
removal of dust and dirt, the dis-
carding of thick, heavy "rats,"
and the airing and sunning of
the hair are all preventives that
any woman can use. If the hair
is carefully groomed every day
dandruff will not form to an

"PAUPER" LABOR.
For many years the tariff-mongers
were in the habit of insulting Eu-
ropean workmen with their cry over
"cheap pauper labor." There is no
such thing as cheap pauper labor.
Paupers do not labor. They live on
public and private bounty in work-
houses, or tramp the highways begging
for bread. But now the insolent epi-
thet is applied by the enemies of re-
ciprocity to the honest workmen of
Canada, whose wages are as high, and
in some instances higher, than are paid
on this side of the St. Lawrence, while
the tariff-enhanced cost of their living
is not nearly so great. This has been
proved by the statistical data gathered
by the Tariff Board as well as by the
Department of Commerce and Labor.
When these statistics were arrayed in
an able speech of Senator Stone of Mis-
souri, the reactionary opponents of re-
ciprocity were unable to combat them.
It is time now to silence the silly cry
of "pauper labor" for the sake of de-
cency.

According to the Tariff Board the
main reason for the greater cost of
production of printing paper in this
country as compared with Canada is
the higher cost of wood pulp. This is
exactly what the advocates of free
trade in wood and its products have
been asserting all along, with the ad-
ditional assertion that the Paper Trust

Knees Became Stiff

This great medicine has succeeded in
many cases where others have utterly
failed. Mr. Goldstein says: "I suf-

kept me from business and caused ex-
cruciating pain. My knees would be-
come as stiff as steel. I tried many
medicines without relief, then took
Hood's Sarsaparilla and after a few

THE AVIATOR.
I saw the aviator soar far in the windswept void, and said: "He
really ought to be more usefully employed. He's apt to fall a hand-
red miles should pinions break or bend, and while such things
amuse the crowd, they're serving no good end. Some day he'll break
his swanlike neck while painting cloudland red; and if he's useless
when alive, he's more so when he's dead. I have no wish to soar
aloft and ride the sweeping gale; I'll keep on raising prairie hay, and
sell it, bale by bale. The man who makes two bales of hay come
forth where one has grown, contributes to the public good, and
earns a half a bone." "The man who flies," my neighbor said, "will
gather in more dough than you will get for all the hay from here to
Jericho. And though his airship often sails above a field of wrecks,
he entertains a jaded world—a world of rubbernecks. Some people
think," my neighbor said, "that no one's doing good, unless he's
growing bales of hay and other breakfast food; but any man who
takes our thoughts away from toil and care, contributes to the pub-
lic good a large and handsome share."

controls nearly all the remaining sup-
plies of spruce timber, and, with the
aid of the protective tariff, can boost
the price of wood-pulp as high as it
chooses. The remedy is obvious, and
it is not in line with the high pro-
tection suggestion to keep up the duty on
pulp wood and other raw materials for
paper.

Mr. Carnegie will be asked by the
Government to tell what he knows
about the organization of the Steel
Trust. He knows a heap. If he will
take his inquisitors thoroughly into
his confidence, not only as to what
they may ask of him, but as to what
he knows they ought to know in order
to effect a complete uncovering of the
subject matter under investigation, he
will be able to put his fellow-country-
men under lasting obligations. It will
be a benefaction of far greater value
than the vast sums of money he has
spent for other benevolent objects.

Editor Warren G. Harding of
Marion, and other Republicans who
have led the g. o. p. to three successive
defeats in Ohio, are still claiming that
they were beaten, because Democrat
wrongfully charged Republican state
officers with grafting. They have never
been able to cram such a story
down the throats of the people and it
is hoped they will continue to shout
until November, 1912. If they do the
Republican party will get another
sound drubbing.

The fight which the State Democrat
administration is making to drive out
grafters from the public service is
something entirely new in Ohio. Here-
tofore it has been as difficult to bring
Republican grafters in Columbus be-
fore the bar of justice as it has been
for the prosecuting attorney in Ham-
ilton county to bring Boss George B.
Cox to trial. When John Jones, a
common laborer is indicted, the road
to the penitentiary for him is straight
and easy to travel. When George B.
Cox is indicted, the grand jury, prose-
cuting attorney and a Democratic
judge are charged with conspiring
against him, and the Boss is freed.

**FRENCH MILLIONAIRE LEAVES
FAMILY TO ELOPE WITH PRETTY
GOVERNESS, 26 YEARS HIS JUNIOR**

Quebec, Que., May 23.—The mys-
tery of the disappearance of Ferdin-
and Darrent Dabbadie, millionaire
and well known in the social life of
Paris, who was believed to have been
drowned in the Seine two weeks ago,
was cleared up with the arrival here
of the Canadian Pacific steamship
Lake Manitoba. Among the passen-
gers, and traveling under assumed
names as man and wife, were M.
Dabbadie and Miss Helene Benoit,
19 years old, and for 18 months be-
fore her sudden departure a beauti-
ful governess in the household of
her traveling companion.

M. Dabbadie and the young woman
were listed on the steamship as
Mr. and Mrs. W. F. Wye, and pre-
tended to be very indignant when
taken from the vessel at this port
by Canadian immigration officers.
They denied their real identity until
examined separately, when, each
fearing that the other would break
down, acknowledged identity and
that they had eloped.

The tracing of the couple on the
high seas was accomplished by the
aid of wireless telegraph.
There was not the slightest sus-
picion in the household of M. Dab-
badie, who lived with his wife and
seven children in a mansion sur-
rounded by large grounds in a fash-
ionable suburb of Paris, of any at-
tachment between the master of the
place, a man of 45, and the young
governess, Mlle. Benoit was re-
marked for cold, reserved manner
and could not even be called pretty.

A few weeks ago she gave up her
position and moved to Paris from
the Dabbadie home at Evereux, an
hour's journey from Paris, and dropped
out of sight. She had spoken of
going to Canada, where she had relatives.
M. Dabbadie made one of his fre-
quent trips to Paris on business a
few days after the departure of the
young governess. One morning
Paris was startled by the news that
his clothing had been found upon the
banks of the Seine. A note that he
had written to a friend pointed to
suicide.
French detectives would not accept
the suicide theory. Canadian officials
were notified, and under instruction
from the government, the couple
were taken off the steamer and held
until it is decided whether or not
they shall be deported.

men to believe a Californian, but there
are some true stories too big for be-
lief. "One man got lost in a mustard
field, and he was on horseback, too!"
"A tomato vine only eight months old,
which was nineteen feet high and
twenty-five feet wide, and loaded full
of fruit in January. A man picking the
tomatoes on a stepladder added to the
effect. A Gold of Ophir rose bush at
Pasadena had 200,000 blossoms. This
is vouched for by its owner, a retired
missionary, who cannot be doubted.
There are truly true pumpkins that
weigh 256 pounds and are seven feet
in circumference; cucumbers seven feet
long; three bites to a strawberry, and
the eucalyptus shoots often grow
twenty feet the first year, carrying
with them in their rapid ascension the
stakes to which they are tied." All
this is true. But you may have per-
mission to doubt this story.
"A farmer raised one thousand bush-
els of popcorn and stored it in a barn.
The barn caught fire, and the corn be-
gan to pop, and filled a ten-acre field.
An old mare in a neighboring pasture
had defective eyesight, saw the corn,
thought it was snow and lay down and
froze to death."

As to serious farming, and how it
pays in this part of the state, I will
communicate the cheerful news that
there are no potato bugs to make life
seem too hard to bear, and tell you
of the following that was raised on
twenty acres. Raised on twenty acres
of ground, 2500 boxes of oranges, 1500
boxes of lemons, 37,000 pounds of
grapes, 2,000 pounds of pears, 35,000
pounds of apples, 15,000 pounds of ber-
ries, black and red, 1,000 pounds of
English walnuts. Besides nectarines,
apricots, plums, three crops of pota-
toes, 500 pounds of crab apples and one
acre of alfalfa, kept for cows, and
flowers; also of different varieties.
These oranges are worth on the trees
\$3500, the lemons, \$3000; the grapes,
\$370; pears, \$30; apples, \$75; berries,
\$30; walnuts, \$80. The total, \$7085, and
all the products not counted. Every-
one can approach these results and
twenty acres of land seems quite suf-
ficient. An acres of strawberries pro-
duce often a cash return of nearly \$800.
The California paper shell almond
trees live and do well for fifty years,
seventy trees to the acre at twenty-
two cents to the pound, \$1540 per acre,
showing the great profit in almonds;
and I might go on enumerating ad-
libitum enormous profits in vegetables
and other products of this prolific soil.

Farming is comparatively easy here,
but to turn from agriculture and climate
to less practical themes: Do come out
next January to the Floral Carnival!
To see five thousand calla-lilies in one
church at Easter, and roses that bloom
perennially and in such profusion might
weary some, but then the wealth of
color on the hills and mesas in spring
time can never be described or painted.
The (state) flower, the yellow poppy,
is most conspicuous, and the wild flow-
ers are quite as fascinating as those
profusely cultivated. "California, the
land of irrigation, cultivation and ex-
aggeration!"
But even my friends concede me to be
a woman of truth and so I have
portrayed but faintly a few of the facts
known everywhere in this land of mys-
tery!

How can I say, an aviator, without
telling you how often we desire the
presence of our friends, and that on
S. Marengo, in a house where we dwell,
exist hospitality and cordial welcome
for all who journey hitherward to see
this much-talked of Earthly Paradise!
We have all been dilatory and re-
miss in writing letters generally, but
the future always holds a better prom-
ise, and this letter may in a degree
show our remembrance of friends to
whom we had scarcely time to say
farewell.
And now, a fond adieu!
Most faithfully,
MATHILDE WALLACE.

Daddy's Bedtime Story—

How Smarty Jack Got a Quarter

"ACK," said daddy one evening, "what makes you so quiet? You must be thinking of something very important. What is it?"

"Nothing much, daddy," replied Jack.

"Well, let's hear it anyhow," said daddy, "and I'll give you this nice new quarter."

"Thank you, sir," said Jack, tucking it away under his pillow. "I was just thinking how to get some money without working for it."

"Ha, ha," laughed Evelyn; "that's the time he caught you, daddy!"

"Well, I've always said that I was a poor business man," said daddy, "but that's the worst 25 cents I ever had. I'll get even by telling you a story that won't interest Jack at all."

"This is about a little girl named Alice, who had been invited to a party and who didn't have a party dress to her name. Her parents could not afford to buy her one, and she had no trunkful of grandmother's gowns in the attic, like you have, so her chances of going to the little gathering looked very slim. But she was a plucky child, and she determined that she was just going to that party, and then she started in to think. The first thing, of course, was the material for her dress. How could she get that?"

"At last she recalled that Mr. Jones, who kept the department store, was awfully fond of nice things to eat, so she cooked a cake that was a dream of lightness and toothsome. It took her a whole afternoon to make it, and when she finally put it in a box lined with pink tissue paper it looked more like a picture than a cake."

"And then she trudged off to Mr. Jones' house, timing herself to get there just as he was finishing dinner."

"And it all worked out just exactly as she had planned. The cook at Mr. Jones' had been in a bad temper, and the merchant's whole dinner had been so bad that he had just sent word down to the kitchen to discharge her. But when he caught a whiff of the cake that Alice was carrying he forgot his bad temper, and after he had eaten the first slice he said, 'Any little girl that can bake as fine a cake as that deserves anything she wants out of my store.'

"So Alice told him what she wanted, and he told her to come down first thing in the morning to the store, and instead of giving her just a little white dress he gave her everything to go with it, from white slippers to a pretty hat. And I'm told that she was the prettiest girl at the party."

"But," said Jack, "I'll bet she can't make cookies like Dinah can!"

"She was just as clever as you in getting something for nothing," commented Evelyn.

Advocate Means
of Restoring \$100
To Rightful Owner

That the classified ad columns of the Advocate bring results was again demonstrated on Monday evening and Mr. McQuillin, 61 West Church street, will testify as to their real worth. On Friday Mr. McQuillin placed in his pockets \$100 in bills which he intended to deposit in the bank. Before he reached the bank, however, the bills were missing.

Mr. McQuillin placed an ad in the Advocate and a few hours after the paper was on the street the money was returned to him. Arthur Donaldson, working at the Fred Speed news stand found the money in the store and on reading the paper returned the money to its owner. Mr. McQuillin rewarded him with \$20.

THE AGONY OF A BABY UNDER A SKIN AFFLICTION

is all the more terrible because it can't tell you how it suffers. But there is relief at hand—not only relief but a permanent cure from prickly heat, rashes, hives, eczema, and all other skin affections so prevalent among infants during the summer months. If you want to see your baby rest easy once again—and a look of relief spread over its little face, just apply this splendid remedy ZEMO. We believe honestly and sincerely that in ZEMO you will find the cure you have been praying for. We can tell you in all truth that we have made thousands and thousands of parents happy with this simple but sure remedy.

And to prove our absolute sincerity, we have instructed all druggists selling ZEMO, to refund the purchase or his money if the very first bottle does not bring relief. Used persistently thereafter ZEMO is bound to cure.

ZEMO and ZEMO SOAP make the most economical as well as the cleanest and most effective treatment for affections of the skin and scalp, whether on infant or grown person.

Sold by druggists everywhere and in Newark by our authorized agents, Evans' Drug Store.

Saved Child from Death.
"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy."

For coughs, colds, hoarseness, la-grippe, asthma, croup and sore lungs, its the most infallible remedy that is made. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. D. Hall.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information. BRADFORD REGULATOR CO., Atlanta, Ga.

THE PEOPLE'S MARKET.
No muckraker has ever had occasion to turn his microscopic eye upon the operations of the people's market.

Filling the essential needs of the household constitutes the great bulk of the business done daily through the Want Columns, which have become generally recognized as the people's market.

Here the workman meets the employer, the employer finds the ones who would be employed, the seller meets the buyer, those who would exchange goods are brought together.

The Want Columns—the people's market—give with human interest and brimful of opportunity, are ready to serve all.

FOREIGN NEWS

London, May 23.—Alarmed by reports of the spread of Socialism in the English navy, the Conservative members of the house of commons intend to bring the matter up in parliament shortly. Unless Secretary of the Navy McKenna is able to satisfy them that accounts of the movement's growth are exaggerated, they will make a strong effort to secure steps toward checking it—though just how this is to be done is not clear.

The present excitement is directly due to a recent article in the Socialist newspaper, Justice, in which it was stated that the paper is sending its correspondents in the navy "occasional parcels of leaflets and pamphlets for free distribution and will be glad to receive and forward anything of the kind which may be sent us for that purpose. As may be understood, great care must be exercised in carrying on such work, and naturally we cannot give our correspondents' names or addresses.

"It is perhaps needless to say that because the men are becoming more intelligent, through more initiative and intelligence being demanded of them, they find the feudalism of the service all the more revolting. In a service journal recently there appeared an article referring to the spread of Socialism under the title, 'The Canker of the Service.'

Paris, May 23.—The National Opera for the year just ending lost about \$15,000, the budget showing a deficit of this amount. The 1910 floods are said to have been one cause.

Stage hands got more money than the authors and composers of the works produced, according to the financial report. The ballets cost \$445,000; the choruses, \$38,500; costumes and personnel connected therewith, \$42,000; stage hands, \$60,000; royalties to authors and composers, \$55,000.

Madrid, May 23.—Spain and Portugal have exchanged complaints—Spain that Portugal is permitting anti-monarchist Spanish plotters to incubate their plans in Lisbon, and Portugal that Spain is allowing Portuguese anti-republicans to hatch conspiracies at Vigo, Fuentebaja, Badajoz and other border towns. Each complaint is believed to be well founded. Spain does not enjoy having a republic adjoining it so closely. Portuguese monarchists are certainly active along the Spanish side of the frontier and Spain refuses to interfere with them—pretending that it has no knowledge that any are there, although of course it really has. Portugal recently refused formally to authorize a Spanish anti-monarchist association to establish headquarters in Lisbon. The association was established, however, without formal authority, and the Lisbon situation is not troubling it. The situation promises serious friction between the two countries.

London, May 23.—K. H. Hardie wants the English government to spend last year's treasury surplus of about \$25,000,000 on the promotion of universal peace. Chancellor of the Exchequer Lloyd George's plan is to devote it to a broadening of the old age pension system, to improvement of the labor exchanges and to other sociological experiments. Hardie argues that no sociological experiment will ever do the masses more good than making war impossible.

If England's current year's expenditure of \$375,000,000 on its army and navy were divided up among the people, Hardie points out, it would give an increased wage of \$1 weekly to each man, woman and child in Great Britain. For a country where a more or less skilled workman's wage does not exceed \$7.50 weekly, Hardie thinks this extra \$1 would be a pretty substantial increase. He adds that the more this expenditure grows the harder it will be to get general disarmament.

Hardie is insisting on his plan in a series of speeches, but thus far he does not seem to have made any impression on the chancellor.

Lisbon, May 23.—The provisional government has practically completed the tentative draft of the constitution it will submit to the coming convention called to adopt a fundamental code for the new Portuguese republic.

Parliament will be elected on a democratic franchise and consist of 200 members. As in France, it will elect the president, and as in Switzerland, it will also choose the cabinet members. Both president and cabinet members will serve for five years. The president will have almost no power whatever and the power of the cabinet members will be much limited by parliament. The provisional government leaders consider present day diplomacy almost a complete fraud, so no provision is made for a ministerial or ambassadorial service, the minister of foreign affairs being left to handle the duties of his office by mail or cable. For commercial reasons there will, however, be a small and very moderately-paid consular service. In every direction the greatest pains are taken to hold down expenses.

The constitutional convention may make whatever changes it likes in this draft, but there will probably be no material ones.

London, May 23.—Dr. Louis Bornaechi, who was physician to the Southern Cross and Discovery expeditions in the south polar regions and holds the king's antarctic medal, is so sure it would be impossible to reach the south pole in the antarctic winter time, that he cannot believe Captain Amundson means to attempt it.

"It seems likelier to me," says the doctor, "that he has simply gone inland 200 or 300 miles to establish winter quarters and await the advent of spring. This would give him some advantage of route and he would probably find the Beardmore

glacier in better condition than his rival, Capt. Scott, would.

"If it is a fact that he left Ballou Light Feb. 15, the day after the Fram sailed northward from there, it would take him at least 40 days to reach the bottom of the glacier. Then just as he started on the most difficult part of his travels the sun would leave him. The blizzards would increase in intensity and frequency, probably attaining 100 miles an hour, and it is quite probable that 100 degrees below zero would be reached on the plateau between the glacier and the pole. Neither man nor dogs could stand such conditions long."

Paris, May 23.—It is stated here von Schoen, the German ambassador, has had several conferences with Foreign Minister Crippel concerning the activity of French aviators along the Franco-German frontier, during which conversations it was delicately urged that the Germans opposed such flights and desired that they should cease. It was stated that it is understood fully that the crossing of the line is done without authority of the French government, but until some agreement can be arrived at between the countries, the Germans desire that further frontier aeroplane flights should cease.

Paris, May 23.—The harem skirt has just landed the wearer in jail and a second woman in the hospital. Henrietta Dubois, a lady's maid, saw Mlle. Clemence Lafitte, a pretty Parisienne, dolled up in the new style. She turned to stare. Mlle. Clemence grew angry. Henrietta laughed. Mlle. Clemence drew her trusty hal pin and waded in. The maid is in the hospital and the harem skirt wearer is in jail, awaiting her trial.

Paris, May 23.—Francois, valet of the late Guy de Maupassant, the famous writer, has published his memoirs. They are well written in the simple style of his dead master, and the event of the writer's cutting his throat is most vivid. The valet sheds a new light on de Maupassant's character.

London, May 23.—Officialdom has been doing much speculating as to the method by which John Galsworthy, author of "Justice" and other works, managed to learn so much of English prison life. British officialdom prefers that such information should be kept secret, and does not encourage outside investigators.

At last, however, the plan Galsworthy resorted to has leaked out. He put on his old clothes, wrapped a brick in brown paper, took it under his arm, ambled down the street, stopped in front of a tempting-looking plate glass window, heaved his bundle through it, and was promptly arrested. At the police station he gave an assumed name, and the magistrate gave Galsworthy six months. That's how he found out what the inside of English prisons was like.

HOUSEWIFE AND DOMESTIC.
The housewife who does her own work, and she represents the stalwart womanhood of the country—and the ambitious domestic who wants to make the family wash a credit to the community, appreciate the great advantages of Hewitt's Easy Task soap. It is a clean, white soap, free from all adulterants and will not injure the most delicate fabrics, lace, linen, wool or muslin. Buy two cakes for ten cents, and if you don't like the first, return the second and get your money back.

OBITUARY

CHARLES M. DEAN.
Word has been received here of the death of Charles M. Dean at his home in Bayonne, N. J. Mr. Dean formerly resided in Newark, leaving here in 1897. Death came Monday morning, after an illness of Bright's disease.

The body will be brought to Newark for burial, the funeral services being held in the Trinity Episcopal church Friday afternoon at 2:30 o'clock. Among the relatives of Mr. Dean living in Newark are Charles Rhoads, Mrs. Kemper Scott and Mrs. A. B. White.

Mr. Charles M. Dean, who lived in Newark a quarter of a century ago, will be well remembered by many of the older residents of the city. At one time he was proprietor of one of the first five and ten-cent stores ever opened in Newark. Before removing to the East he lived with his family at the corner of Fifth and Locust streets.

CHARLES WILKIN.
Mr. Charles Wilkin, a time honored citizen of Mary Ann township, who died of paralysis on May 18, 1911, was born January 11, 1828, on the farm where his death occurred. His parents, Daniel and Rebecca Barnes Wilkin were pioneer residents of this county settling at an early date in Mary Ann township on the farm that has ever since remained in the name.

Charles was the fourth child of a family of seven children, all of whom have preceded him to the bourne from whence no traveler returns. He was married in 1857 to Abigail Jane Smith who died May, 1908. This union was blessed with six children, Horace and Nelson and Mrs. Milton Wilkin, who are still living and one son and two daughters who are dead.

Besides his children, there are seven grand children and other relatives as well as many friends who share in the bereavement.

In early manhood he united with the M. E. church at what is known as the old Newton chapel. His was a Christian life. He did with his whole heart what he believed to be his duty to his fellow man and to God. His taking away will be a distinct loss to the community in which he resided.

Funeral services were held at Newton chapel, Saturday, May 20, at

ANNAS H. SWINDELL.
Annas Swindell, of West Newark, has received word of the death of his brother, Annas Swindell, who died at Michigan City, Indiana, several days ago. The Evening Dispatch of that city contains the following obituary of Mr. Swindell, who was reared in Licking county, northeast of this city:

Annas H. Swindell, a veteran who participated in many of the most famous battles of the Civil war, died at 1 o'clock yesterday afternoon at his home, 902 Wabash street. His death was caused by heart disease, from which he had been ill since February. His age was 69 years.

Mr. Swindell was born January 5, 1842, in Licking county, Ohio. At the outbreak of the Civil war he enlisted in Company 6, Seventy-sixth Ohio volunteers, which was attached to the first brigade, first division, Fifteenth army corps, under General Logan and General McPherson. He was in the battles of Fort Donaldson, Fort Henry, Corinth, Shiloh, Arkansas Post, and Vicksburg, and was with the expedition up the Red river. He was in all the battles around Atlanta, and was in Sherman's march to the sea.

Mr. Swindell moved to this city

He was married in Licking county to Miss Amelia Lee, who died in April, 1880. The members of his family include three daughters and a son, Mrs. Frank Bradney of Kouts, Ind.; Mrs. Frank Vezel of St. Paul, Minn.; Miss Jessie Swindell, who kept house for her father, and B. A. Swindell of DeKalb, Ill.

HELEN MOORE.
Helen, the nine-months-old daughter of Mr. and Mrs. J. W. Moore, of 194 North Gay street, died at the home of the parents Monday evening at 8:30 o'clock, after an illness of some time. The body will be taken on the 1.45 Baltimore and Ohio train Wednesday afternoon, to Mr. Sterling, where the interment will be made.

WOMAN GIVES UP STRUGGLE.
New York, May 23.—Halt crazed by worry in trying to provide a home for her two invalid children since her husband died 18 months ago, Mrs. Gesene Schroeder made a suicide pact with her children. Their dead bodies were found in a gas filled room in their home in Brooklyn. The children, Henry, 12, and May, 10, told their mother they wanted to end their suffering. A letter left by the mother told of the struggle and the final determination to die.

WIND WRECK'S DWELLING.
Bellefontaine, May 23.—The new country home of J. P. Core, north of Bellefontaine, was wrecked by a windstorm last night. The big house was ready for the roof when the wind struck it, completely destroying it. Telephone poles in front of the property were twisted off. Other houses in the same locality were untouched.

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadvill, Tenn. If ailing, try them, 25c at F. D. Hall's.

CUT FOOT ON POP BOTTLE IN SWIMMING POOL

Wilson Davis, the small son of W. W. Davis, cut his foot so badly as to require several stitches to close the wound, Monday afternoon. Wilson, with a party of other boys, was swimming in the pool known as the Breakers, in the creek and stepped on a broken pop bottle. The bottom of the left foot was cut deeply in two places. Several of his companions carried him to his home in Elmwood avenue.

EXCAVATION COMMENCED ON MILLER DITCH

After Months of Litigation Work is Begun by Newark Contractors. Notes From Beech Woods.

Beech Woods, May 23.—Excavation was commenced this week on the big Miller ditch improvement, under Kinney & Wells, the Newark contractors. Mr. Moore of Zanesville is the foreman of the gang, assisted by Clyde Hite.

The ditch has been a bone of contention and a neighborhood brawl since it started in the courts, nearly six years ago. The case was one of the bitterest ever. The county commissioners won every action and the improvement will prove a test case to all future drainage systems.

Notice of an action in the probate court at New Lexington, asking a \$10,000 compensation for the Perry county commissioners, has been filed. A case of this kind in the supreme court, the Fulton county case, in which the commissioners of adjoining counties tried to collect compensation, were enjoined from collecting. The injunction was sustained in the supreme court. The case will be fought. The Perryfield commissioners are represented by prosecuting Attorney T. T. Courtwright, M. A. Daugherty, C. A. Radcliffe and J. H. Fultz.

While Frank Baker was driving his creamery wagon to Somerset, the neck yoke broke while going down a hill upsetting the wagon and throwing Mr. Baker out. He received a badly sprained ankle. Cream with which the wagon was loaded was spilled all over the road.

W. M. Bluckley has purchased a new E.M.P. touring car. Clyde Hite was a visitor in Newark Saturday.

The new public road east of the Drum scales has been opened.

NAVAL AIRSHIP

Constructed by Great Britain Was Successfully Launched—Aeronautic Wonder First of Its Kind.

Barrow-in-Furness, England, May 23.—Great Britain's first naval airship the construction of which had been surrounded by much secrecy, was successfully launched here yesterday, and is now anchored behind wind screens erected in the harbor. The airship was christened the Mayfly.

The machine, which is 502 feet in length, is of the rigid type, with a blunt nose tapering to a pointed stern. A feature of the construction is the provision for two separate gondolas for the engines.

The airship is especially designed for naval purposes and can be moored on the water. The outer covering of the upper half of the dirigible, which is 48 feet in diameter, consists of silk treated with a special water-proof dressing over which aluminum dust has been sprinkled.

The lower part of the bag is of yellow silk treated with the same water-proofing material, but without the

SAYS PINK PILLS SAVED HER LIFE

This Young Woman Had All the Symptoms of Anaemia. Her Cure Will Interest Every One Who Is Suffering from Lack of Good Red Blood.

Miss Isabella Boyd, of No. 31 South avenue, Brooklyn, N. Y., who was rapidly cured of a severe case of anaemia by Dr. Williams' Pink Pills, says:

"I believe Dr. Williams' Pink Pills saved my life. I was a terrible wreck after being for years in an anaemic condition due to hard work and lack of out-of-door exercise. My heart fluttered so that I could not sleep on my left side or go upstairs without its paining me so that I had to press my hand on it. The heart beats were loud and I was so weak that I could not walk fast. My face and legs were bloated and the upper lids of my eyes were swollen like little sacks. My complexion was sallow, lips white and ears transparent."

"I employed one of the best doctors in the city for two years, but he didn't help me much and said my case was as bad as he had ever seen."

"I was downhearted and thought I would never get well. About this time it was my good fortune to read of a young woman who had been cured by Dr. Williams' Pink Pills after suffering as I had done. This gave me hope and I bought six boxes of the pills and they did me more good than all the other medicine I had taken. A few boxes more cured me and I have felt as well and strong as any woman could wish to feel. I recommend Dr. Williams' Pink Pills to every one who is suffering from anaemia."

Dr. Williams' Pink Pills are an almost certain blood-builder and as a remedy for anaemic conditions will surprise by their marvelous results patients who have failed to regain health, strength and color by the use of other remedies. The pills have been found invaluable in a wide range of diseases of the blood and nerves, such as rheumatism, after-effects of the grip and fevers, neuritis, nervous debility, St. Vitus' dance and even partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. Our booklet, "Diseases of the Blood," is free on request and should be read by every sufferer from thin or pale blood.

Sensible Talk About Nostrils. Avoids Catarrh And Lung Trouble.

(Dayton, O., Journal.)

"Surely I believe the day is coming when the public will appreciate the need of caring for the nostrils—the passages which warn us of evil odors, and through which every bit of life-giving ozone should pass. Mouth breathing is dangerous and weakens the intellect. All idiots breathe through the mouth. Filthy nasal passages are common to nine out of ten."

"Few people daily wash and cleanse the nostrils. All should. Catarrh and pulmonary trouble can be relegated to the past if all would use daily a simple antiseptic nasal wash," says Dr. J. W. McLaughlin.

"Any one can readily rid themselves of nasal catarrh by obtaining from the druggist two ounces of antiseptic vilane powder. Use a half teaspoonful to a pint of warm water and snuff up into the nostrils a half dozen or more times until all the slimy matter is removed. Also gargle the throat. Then make a balm by mixing a teaspoonful of the powder with one ounce of vaseline and apply twice daily until catarrh is banished."

PARIS CHAUFFEURS TO STRIKE.

Paris, May 23.—The union of taxicab chauffeurs, comprising 90 per cent of the taxicab drivers in Paris, last night adopted a resolution providing for a 24-hour general strike, beginning today. This action is in protest against the recent increase in the duties on benzol.

A CORROBORATION

Of Interest to Newark Readers.

For months Newark citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than confirmed testimony.

The following statement should carry conviction to the mind of every Newark reader.

G. W. Harter, Hebron, Ohio, says: "I suffered from kidney complaint for years and received no benefit from physicians' prescriptions. I was finally led to try Doan's Kidney Pills and they cured me. At that time I publicly endorsed them and I now gladly do so again."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

INJURED IN AUTO WRECK.

Chicago, May 23.—Michael Halpert of New York was instantly killed and five others seriously injured when a passenger automobile reeling off 50 miles an hour struck a massive motor truck and was completely demolished.

TWO KILLED AT CRESTLINE.

Crestline, May 23.—Geo. Smith, 65, a railroad engineer, was struck and killed by a train in the local yards. An hour later James Telvy, 26, a Pennsylvania fireman of Ft. Wayne, was caught between two cars and crushed so badly that he died within three hours.

PENDING CASES NOT AFFECTED.

Columbus, May 23.—Gov. Harmon has signed the bill making a penitentiary sentence of from one to ten years compulsory in all legislative bribery convictions. The new law will not affect the legislators' cases pending.

GRANDFATHER CLAUSE IS UNCONSTITUTIONAL.

Oklahoma, May 23.—Oklahoma's famous grandfather clause barring negroes from participation in elections was declared unconstitutional by the federal courts here. The clause is said to have affected 40,000 negroes.

FIVE SUICIDES IN NEW YORK.

New York, May 23.—It was a hot day in New York, with at least one death credited to the weather. A man whose cards bore the name of Edmund P. Bierbaum fell dead in his seat at the American League Park, just before the New York-Pittsburgh National League baseball game yesterday. It was a case of heart failure, superinduced by the heat.

There were a number of prostrations and five suicides, believed to have been due to the uncomfortable weather. The temperature reached 83 degrees.

PEEK-A-BOO SOCKS.

Many men wear peek-a-boo socks, not because they are in style, but because their wives use inferior strong laundry soaps. The free alkali and rosin contained in these soaps rot the material and as a consequence the poor men are blamed for being "hard on their socks."

This can be avoided by the use of H. W. H. Easy Task soap. Twenty-five years of use have proved its worth. Five cents a cake.

Many a debutante "comes out," and, not seeing her shadow, goes in again.

ANNUAL GARDEN PARTY OF LAMBDA DEUTERON CHAPTER OF PHI GAMMAS AT GRANVILLE

Spacious Grounds Decorated With Japanese Lanterns and Fraternity Colors and Guests Had Most Delightful Time—Piano-forte Recital By Pupils of Mrs. Susan Talbot Bawden—Kappa Phi Sorority Entertained Friends at the Chapter House.

Granville, May 23.—One of the most delightful of the social events that have been scheduled by any of the fraternities of the college this spring, was the annual garden party given by the members of the Lambda Deuteron Chapter of the Phi Gamma Delta fraternity on their beautiful grounds on Broadway. About sixty of the young ladies of Shepards college and of the town, and Prof. Coons and Prof. Orley See and their wives and Prof. Hoppe, had been invited and were most delightfully entertained. The spacious grounds had been decorated with innumerable Japanese lanterns, which shed a mellow light over the scene, and with the fraternity colors, royal purple and white, presented a very beautiful appearance. The young ladies began arriving at an early hour in the evening, and soon the grounds presented a scene of life and gaiety. A piano had been placed on the east veranda and a skilled musician furnished soul-stirring melodies during the evening while Ashton's orchestra also discoursed soul-inspiring music. The cup of pleasure for the young people was brimming over for an hour or two when it began to rain, and soon the pleasures of the occasion had to be transferred in doors, where, if not so comfortable, a splendid good time was had by all. During the evening light refreshments were served and the party was accorded one of the handsomest and most successful society events in the history of the fraternity.

A large and appreciative audience

was in attendance at the pianoforte recital in the Baptist church Monday night, given by the pupils of Mrs. Susan Talbot Bawden. The program, in its entirety, was a decided success and its highly creditable presentation elicited many favorable comments. It mirrored the careful and thorough work that is being done by Mrs. Bawden. Several of the pupils did fine work, displaying brilliant technique and evidenced a possession of that unseen something temperament which is required in the making of an artist. The program follows: Merry Mandarin (E. Poldini)—Helen Abraham. Sleep, Dollie Sleep (Karl Bechter)—Helen Evans. Dance of the Shepherds (Karl Bechter)—Francis Haskins. Juniors Song (Karl Bechter)—Eva Price. Allegretto (Kate Chittenden)—Gladys Hagan. Duet, The Blacksmith (F. L. Eyer)—Elvira Evans, Vera Norris. Andantino (J. Haydn)—Margaret Speilcher. Lullaby (Alex. Guilment)—Letta Lake. In the Forest (P. Goerner)—Helen Carpenter. The Jolly Huntsman (Gurlitt)—Eva Thomas. The May Queen (R. Goerdeler)—Pauline Young. Duet, Minuet, Op. 78 (F. Schubert)—Alfred Johnson, Reba Lee. Shmober Song (R. Schumann)—Louise Boggs. Norwegian Pastorale (T. Petre)—

Alfred Johnson. Little Love Song (C. Bohm)—Reba Lee. Country Dance (Ethelbert Nevin)—Elvira Evans. Menuet a l'Antique (Paderewski)—Laura Herrick. Impromptu No. 4 (Schubert)—Ruth McGaughy. Duet, Andante from Symphonie No. 6 (Haydn)—Ruth McGaughy, Alfred Johnson.

Recently there has been placed in the trophy case in Cleveland hall five basket balls won in the 1902 series. These balls represent victories over State, Wooster, Washington-Jefferson, Kenyon, and the University of West Virginia, and were sent by a loyal alumnus to Prof. Brumbach. Prof. Brumbach placed them in the hands of the House committee of the Y. M. C. A. which painted and installed them in their present worthy position of honor.

Miss Charlotte Whittlesey of Seattle, Washington, who has been visiting Mrs. Susan Talbot Bawden, at her home in Columbus, was the guest of honor at a tea Monday, at which Miss Patterson was hostess. Miss Edna Campbell entertained Saturday evening at her country home near Granville in Miss Whittlesey's honor.

The members of the Kappa Phi Sorority entertained a number of the young men of the college very handsomely at their chapter house on Saturday evening. The pretty little house had been handsomely decorated in honor of the occasion, and presented a very beautiful appearance. During the evening delicious refreshments were served by Mrs. William Mitchell, who has the reputation of being one of the best caterers in Granville. The young people all had a most enjoyable time, and various sorts of amusements were engaged in. One of the diversions which was greatly enjoyed by the young men and women present was that of having their fortunes told. Mrs. Burton Case represented a Gypsy fortune teller most creditably and read the future of nearly all the young people who were present, to the great amusement of all. At a late hour in the evening a number of the Betas serenaded them by rendering a number of very beautiful vocal selections.

Edward Nichols, son and daughter of Columbus, have been visiting Mr. Nichols' brother, Albert Nichols, at his home north of the village.

Mr. Karl Eschmann of the Conservatory of Music of Denison University, will give his graduating organ recital in Recital hall this Tuesday evening. Mr. Eschmann will be assisted by Miss Selma Ladzinski, and a very entertaining recital is promised.

Rev. T. J. Sheppard of this place, life chaplain of the ex-prisoners of war of Ohio, will attend the meeting of the association to be held in Findlay, O., on June 7 and 8. The programs have been printed and forwarded to members of the association, and preparations are being made for a reunion which will be a source of pleasure and profit to all who are permitted to be in attendance. The prayer meeting, which is always one of the features of the annual meetings of the association will be held on the morning of June 8th, and will be led by Mr. Sheppard.

Mayor Barnes, who has been seriously sick for some time, is now able to sit up for a short time each day, and it is the opinion of the attending physician that he will soon be restored to health.

"An Evening's Entertainment" is the promise given for Thursday evening, May 25, when Mr. Hoppe and associates will take possession of Recital Hall. Two plays will be offered, an amusing comedy full of sprightly lines by S. Thevry Smith, entitled "My Uncle's Will," and a drama playlet founded on Les Miserables, "The Bishop's Candlesticks." There will be a first part of impersonations by Mr. Hoppe and songs by Miss Marion Rose. The two acts are as follows:

"MY UNCLE'S WILL." Mr. Barker.....Mr. Charles O'Connor Charles Cashmore.....Mr. Hoppe Florence Marigold.....Miss Mazie Helman "THE BISHOP'S CANDLESTICKS." The Bishop.....Mr. Hoppe The Bishop's Sister.....Miss Maude Ferguson The Convict.....Mr. Lee Huff A Neighbor's Child.....Miss Edna Hayes A Gendarme.....Mr. Raymond Ladd

PROS. HUNT

Ordered To Leave Court Room When He Clashes With Judge Over Making An Entry.

Cincinnati, May 23.—Although yesterday was the day scheduled for the formal entry of the decision of Judge Dickson, freeing George B. Cox from the charges of perjury, preferred by the January grand jury, the entry was not made. An alternate writ of mandamus, issued by the circuit court, halted the proceedings and caused a clash between the judge and prosecutor, Henry T. Hunt.

At one stage in the argument, Judge Dickson, incensed at the prosecutor's words, ordered him to leave the room, Hunt's answer being: "I refuse."

The clash started when attorneys for Cox and the prosecution presented entries by which each side sought to have Saturday's decision recorded according to a particular interpretation. The entry for Cox was that both indictments were quashed; that for the county was that one was quashed, one holds good, and that the prosecutor has the right to elect which indictment shall be quashed.

This last phase is covered by the writ of mandamus issued by the circuit court, which orders Judge Dickson to put on an entry permitting the prosecutor to elect upon which of

the indictments he will proceed. It is returnable next Saturday. Without passing on either entry, Judge Dickson accepted both, pending a ruling from the circuit court of the effect of writ of mandamus.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age. Harmless Remedy Restores to Natural Color.

Order isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race. One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

FRECKLES GONE

"Simple Remedy from W. A. Erman & Son Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, ointment—double strength, that I bought at W. A. Erman & Son's, which cleared my skin and gave me a fine complexion."

The action of ointment is really remarkable, for when applied at night many of the freckles disappear entirely by morning and the rest have begun to fade. An ointment is usually all that is needed, even for the worst case.

Be sure to ask W. A. Erman & Son for the double strength ointment, as this is sold under a guarantee of money back if it fails to remove the freckles.

RECORD HEAT WAY DOWN EAST. Lewiston, Me., May 23.—Not since the local weather bureau was established in 1887 has such extreme heat been experienced in this city as was recorded yesterday, when the official thermometer registered 101.

DEATH CAUSED BY HEAT. Galion, May 23. Frank Hyding, aged 46, is the first victim of the extreme heat. While working on the roof of his barn he suffered a sunstroke and death was instantaneous.

El's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or sniffing. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I was troubled for a long time with inflammation, pains in my side, sick headaches and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women."

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

COBB'S FAST SPRINT

SAVED HIS MACHINE

Detroit, Mich., May 23.—The wonderful speed of "Ty" Cobb probably saved him his new prize auto last night when a thief attempted to make way with it from in front of one of the principal hotels here. Cobb did not notice the man until he had started the machine and was a short distance down the street. Leaping from another auto in which he was conversing with a party he started a dash after his machine. He caught up with it and leaped in after as fast a sprint as was ever seen on the principal streets here. The thief was placed under arrest and Cobb drove his machine back to the hotel.

"My cure began from the first application of D. D. D. My skin is now as smooth as a baby's. I wouldn't take a thousand dollars for what D. D. D. has done for me," writes August Santo of Chillicothe, O.

These are just samples of letters we are receiving every day from grateful patients all over the country.

"Worth its weight in gold." "All my pimples washed away by D. D. D." "I found instant relief," "D. D. D. is little short of miraculous." These are the words of others in describing the great skin remedy, D. D. D.

HOLOPHANE MAN TAKEN FOR WAITER IN SWELL HOTEL

Recently one of the members of the Holophane company decided to abandon the way of single blessedness and the occasion was marked by a wedding that was quite a social event in the annals of Chicago's swiftness. A number of invitations were issued and quite a party belonging to the company in this city journeyed to the Windy City to attend the event. Among the Swarthkites in attendance was Mr. C. Walter Jones, general sales manager of the company. As the event was solemnized in the evening it was quite a dress affair and here is one they tell on Mr. Jones.

Mr. Jones was stopping at the Stratford Hotel with several other people and on the evening of the wedding gave most careful care and attention to his attire. The tie is rather always the bugaboo of the dress suit, so he had a valet in to see to its proper adjustment. Finally satisfied with his appearance, Mr. Jones and his friends started down the corridors of the hotel.

Wondering aimlessly about they encountered a backwoodsman in his shirt sleeves, smoking a corn cob pipe who seemed to be looking for some one. He eyed the approaching group of men, but his attention seemed particularly attracted to Mr. Jones. After looking him over he turned suddenly to him and said, "Hey, waiter, what the thunder, send some one to water up to my room." The remark somewhat reduced the dignity of the party, but Mr. Jones was equal to the occasion. Turning to the man he said: "Yes, sir, certainly sir, just step into your room, call down through the telephone and you will have the ice water in a few minutes." Turning to his friends, Jones said: "Say fellows, do I really look the part?"

Mr. Jones may not be aware of the fact but the Stratford is noted for its handsome waiters and his friends state that he ought to feel highly honored by the mistake of the guest from the backwoods district.

CIRCUIT COURT TO RENDER THEIR DECISION MONDAY

Considerable interest has been taken in the matter of the application of Art Dover and Edgar Owens, charged with first degree murder in connection with the lynching, to be admitted to bail, and the outcome has been awaited with much concern by those most interested. Attorneys for Art Dover, J. B. Fitzgibbon and Edward Kibler, and Roderick Jones, attorney for Edgar Owens, together with Prosecutor P. B. Smythe, went down to Coabection Tuesday morning, when they were to meet the circuit court and the motion on behalf of Dover was to be presented. The court, however, could not hear the case because it was occupied in hearing some cases that had been transferred from Knox county. The attorneys for the defense and the prosecutor agreed to submit on briefs, to be furnished the court on Thursday morning, which was consented to by the court. The court will decide the case on Monday, in all probability.

TAKEN TO THE REFORMATORY AT MANSFIELD

Joe Bush, Quincy Sutley and Elmer Seary, who plead guilty to manslaughter in connection with the lynching, and who were sentenced to an indeterminate term in the Mansfield reformatory, were taken to that institution Tuesday by Sheriff Frank Slabaugh, turned over to the officials and entered upon their term of service. A number of their friends were at the Baltimore and Ohio depot to bid them good-bye.

WILL REPAIR SALEM CHURCH FOR ROUMANIANS

Rev. Moses Ballea, a Greek Orthodox priest, is in the city for the purpose of organizing a Roumanian church of that denomination. The old Salem Presbyterian church building has been secured and the priest has entered into a contract with Contractor Burkam to make necessary repairs amounting to about \$1000.

As he has no congregation as yet, although there are from 350 to 400 Roumanians in the city, he is compelled to ask for assistance from persons outside of the church, and will call upon our citizens for that aid.

STOMACH DISTRESS

T. J. Evans Sells Mi-O-NA, the Money Back Cure.

Indigestion will not long trouble you if you put your faith in MI-O-NA stomach tablets.

Taken after meals MI-O-NA stops heartburn, sourness, belching of gas, or heartburn in five minutes.

It is guaranteed to cure indigestion and build up the stomach or money back. It cured Mrs. Klump, it will cure you. Read:

"One year ago I was cured of a severe stomach trouble by the use of MI-O-NA. My food fermented and soured, causing gas and a nauseous condition. I could not eat, and became weak, depressed, and was sick about six weeks. Doctoring without success, I was advised to try MI-O-NA. I received relief from using the first box, and continuing, I used four in all, and was cured. There is nothing too strong for me to say in favor of MI-O-NA. It cures where other remedies and doctors fail."—Mrs. Wm. Klump, E. Edgetown, Lowell, Mich.

Sold by Evans' Drug Store and druggists everywhere, at 50 cents a large box. Write to Booth's Mi-O-NA, Buffalo, N. Y., for free trial treatment.

Cleveland Man Heads Brotherhood of Railway Trainmen

Harrisburg, Pa., May 23. — The Brotherhood of Railway Trainmen yesterday re-elected W. G. Lee of Cleveland president by a vote of 579 to 169 for George M. Sharkey of Del Rio, Texas.

The name of A. A. Roe, Wichita, Kan., was not presented. T. R. Dodge was re-elected assistant to the president. The count of votes for other officers will be completed today.

The time of the convention was also closed yesterday by the discussion of salaries, and the following increases were made: President, \$7000 to \$8000; assistant to president, \$5000 to \$5500; seven vice presidents, each \$1000 to \$1500; secretary and treasurer, \$5000 to \$6000; editor Trainmen's Journal, \$4000 to \$5000.

Japan is increasing its production of raw silk at the rate of about 20,000 bales a year.

BOY INJURED IN RUNAWAY

Late Monday afternoon the horse hitched to the delivery wagon of the J. C. Doneff bakery, in South Third street, became frightened at an automobile on Wilson street and ran away. It ran onto Fifth street when the wagon overturned and the horse caught. The vehicle was driven by a small boy who was thrown out and badly bruised. The child was placed in an auto and taken to the doctors where it was found no bones were broken. The wagon was badly damaged.

COTTON MILLS TO CLOSE.

Manchester, N. H., May 23.—Notices were posted by the Amoskeag Manufacturing Company announcing a suspension of work in all of its manufacturing departments, beginning at noon, May 27, and continuing until the morning of June 5. About 15,000 operatives are employed by the Amoskeag cotton mills.

How to Gain Flesh.

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months, one or two 3 grain hypo-nutrine tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from physicians and well stocked apothecary shops.
